Routine Food Inspection

MARCUS CINEMAS OF WISCONSIN, LLC
NORTHTOWN THEATRE
7440 N 76TH ST
MILWAUKEE, WI 53223

January 29, 2008

The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

Fee Amount: \$0.00

Code Number	Description of Violation	Correct By
4-601.11	Observed old soda syrup present in the unused soda nozzle holder openings. Clean the soda nozzle holder openings so that they are free of old soda syrup. Maintain them clean when they are not in use. There is also black buildup on the soda nozzles in the soda dispensers. These nozzles are to be cleaned as often as necessary to prevent the black buildup. Clean and maintain clean the soda nozzles.	01/29/2008
5-103.11	There is no hot water at the hand sinks in the front lobby women's restroom or the front lobby men's restroom. Restore hot water to the restrooms. Ensure that there is sufficient hot water running to these hand sinks as required by code.	02/12/2008
4-602.11	The cotton candy machine in the back storage room has old food debris around the base and in side the unit. The machine needs to be cleaned immediately after use. Do not allow old food debris to sit and accumulate on it's surfaces. Clean and maintain clean the cotton cady machine.	01/29/2008
Violations	4-701.10 There is no sanitizer buckets set up for sanitizing surfaces. Instruct employees to set up sanitizer buckets for wiping down surfaces when they become dirty with food debris. 6101.11 The storage room where the cotton candy machine is located is not approved for making cotton candy because the walls and floor is not smooth and easily cleanable. There is also no handsink in the back storage room. Move the machine into the kitchen area.	02/12/2008

Notes: De-ice the freezers (the chest freezer in the back storage and the freezer in the warewash room).

The chest freezer in the back storage area is not a commercial unit. When it fails, it must be replaced with a commercial unit.

There are acoustic ceiling tiles installed above the cocessions area and above the ice machine. These tiles are allowed under the following conditions; they are kept clean, there is no dust or grease buildup on them, and that they do not present a cleaning problem. If at anytime they fail to meet these conditions or when these tiles are replaced because of failure or water damage, smooth and cleanable ceiling tiles will be required to be installed.

Clean the floor underneath the soda boxes at the entrance to the kitchen area.

Provide appropriate test strips for testing the sanitizer concentrations of the sanitizer compartment at the 4 compartment sink and the sanitizer buckets.

On 1/29/2008, I served these orders upon MARCUS CINEMAS OF WISCONSIN, LLC by leaving this report with
